Robert Lee Makes New Track Record

Raymond Horse Makes New Figure For Mile And A Quarter—Maui Makes Good Showing At Meet

Robert Lee, the Raymond horse, broke the track record for the mile and a quarter at the races in Honolulu last Saturday, when he made the distance in 2:10 2-5. The previous mark had been 2:11 4-5.

The second race, three-quarter mile, free-for-all, was an exciting one, the crowd going wild. After several attempts to start the horses were off, with Lucas' Susie Miller well to the front, Robert Lee came in second. The time was 1:14 4-5. Spalding's Annie Leslie also ran.

Another Maui horse won the sixth race by a wide margin, McPhee's Leighton Water, one-half mile in .52 3-5. Leahl was second and Young Lady also ran.

It was in the mile and a quarter race that Robert Lee showed his remarkable burst of speed and broke the track record. Marv J. led nearly all the way and was a good second, showing what good work can be expected from her when she gets to form. Oneonta and Casteney were the other entries.

In the gentlemen's race, Kauai was the winner, making the three-eighths mile in 49 seconds flat. Maui came in a closer second, with Dr. J. C. Fitzgerald riding. The cup for this race must be won twice in succession to become the permanent possession of the winner, and there is a possibility that it will be run for again at the Maui fair.

Maui put in an appearance in the mile and a half event free for all when Dr. J. C. Fitzgerald's Will Owen came in third. Judd's Awapuhi led the entire distance, with Bubbling Water second.

The races ended in a burst of glory, the largest crowd for the season making its appearance. Throughout the meet Maui made a good showing as to racing and starred in polo.

Summary Shows Maui Has Some Polo Speed

It was impossible to get the summary of the goals made by Maui and the Kauai polo teams at last Wednesday afternoon's game in time for last week's Maui News. The summary therefore, is printed this week for the benefit of those Maui people who did not see the Honolulu papers and are interested in the time for the goals as won by each time:

First Chukker—
1. Pat Collins, Maui.....3:04
2. Pat Collins, Maui.....4:17
Second Chukker—
3. Johnny Malina, Kauai.....2:22
Third Chukker—
4. Edward Baldwin, Maui.....3:16
Fourth Chukker—
5. Sam Baldwin, Maui.....:40
6. Sam Baldwin, Maui.....1:30
7. James Spalding, Kauai.....5:45
8. Johnny Malina, Kauai.....7:30
Fifth Chukker—
9. Pat Collins, Maui.....6:54
Sixth Chukker—
10. Johnny Malina, Kauai.....2:45
11. Edward Baldwin, Maui.....6:46
Seventh Chukker—
12. James Spalding, Kauai.....:21
13. Pat Collins, Maui.....1:07
14. Edward Baldwin, Maui.....2:14
15. Frank Baldwin scored for Kauai.....5:45
16. Edward Baldwin, Maui.....9:00
Eighth Chukker—
17. Sam Baldwin, Maui.....3:02
18. James Spalding, Kauai.....4:25
Safeties
Philip Rice, Kauai, in the fifth chukker.

Maui Champ Loses To Army Wrestler

Rego, the Maui mat champion, met his match last Thursday night in Honolulu when a wrestling bout was pulled off at the Phoenix Club between himself and Grimes, the army mat man. The Maui backers who had placed their money on the Valley Isle mat champ lost when Rego was thrown in 25 minutes. Grimes in the first set to managed to get an arm hold which so strained Rego's arm that he had to stop and the referee awarded the contest to the soldier.

SAN FRANCISCO, Sept. 17—Wilson arrived. Rests this afternoon and leaves tonight.

Last Sunday's Game Decided Champions

Asahis Wins First Honors In Junior League—All Stars And Chinese Tie For Second Place In Series.

By beating the All-Stars, 6 to 1 last Sunday in the third and final game of the special play-off series for the Junior League championship of Maui, the Asahis, managed by Seichi Itamura and captained by Yanagi, the popular first sacker of the Wailuku Seniors, took first honors with a percentage of .750.

The All-Stars and Chinese tied for 2nd place with .625 percent, followed by the Wailuku Plantation .375 and St. Anthony .125.

Seichi's stars had the better of the argument last Sunday. They put up a far superior brand of ball, the work of Teijiro in center field being akin to that of one Tyrus Cobb of whom we fans here so much.

Truth compels the statement that the All-Stars were playing somewhat out of luck. Many a hot grounder went through the infield apparently within reach but in reality just out of reach. Time and time this happened and this more than anything else finally had the team shot to pieces. Most of the balls were directed toward 3b and short-stop, both guardians of said positions getting 4 errors chalked up against them. Do Rego, behind the bat sinned thrice and Pitcher Cummings once for a total of 11.

Tadashi was in rare form and while his teammates erred on 7 occasions their omissions did not amount to much. While Wells Cummings was hit hard and often as the box score will indicate Tadashi's delivery was rather baffling, he allowing only three hits.

Least the writer forget. The Asahis went in the fray with a different lineup than that of old. Masaichi did the receiving and his place at short being covered by Yanagi whose position at first base was well taken care of by Kenichi who usually does the back-stop work. It was pretty risky business but it worked.

Admirers of the Asahis are busily at work in getting together for a big "blowout" in honor of the team, which for the first time in the history of baseball on this island, has eventually succeeded in coping the pennant after years of perseverance.

PERSHING RECEIVES THANKS (By The Associated Press) WASHINGTON, Sept. 18—Pershing standing before house joint session of congress received formal thanks from congress for services rendered in France.

Making Stills Is A Crime Says Huber

The following article was printed in the Star-Bulletin's, Wednesday issue with regard to the making of okolehao stills, which The Maui News is reprinting for the benefit of those Maui people "still" inclined, who may not see the Honolulu article:

The manufacture of stills, to be used in making liquor, is a crime punishable by a severe fine and a term of imprisonment, and S. C. Huber, United States district attorney wishes this fact known. Many Oriental tin-smiths, he states, are making these stills to meet the large demand for them, in ignorance of the fact that it is a violation of the law.

In the case of John Gomes, who pleaded guilty to a charge of making okolehao in the federal court on Monday, the defendant stated that a Japanese had approached him some time ago, and offered to sell him a still and teach him how to make okolehao for the sum of \$20. The still without the lesson would be \$15. Gomes, who is nearly blind, claims that he did not know the Japanese, and would not recognize him again.

Revenue officers have discovered tin-smiths making stills in the past, but they were violating the law. They also did not know that if they make stills for distilling water or medicine they must report the fact at the office of the internal revenue collector.

The manufacture of stills for the making of okolehao is punishable by a fine or not less than \$100 and not more than \$5000, and by imprisonment of not less than 30 days and not more than 2 years. This makes the minimum penalty for the offense 30 days in jail and a fine of \$100, and it is the intention of the federal officials to enforce the law to its fullest extent.

Swimming: The Sport Of Cripples

Many a man who can not get along comfortably on land is at home in the water. Byron had a clubfoot, and walked with a cane, yet he swam the Hellespont in emulation of the fabled Leander. In fact, we are told by a writer in The British Medical Journal (London, May 17) that a man crippled in the lower limbs by deformity, injury, or paralysis can often move easily in the water. It is only recently, however, that this knowledge, the possession by many, has received any application as a principle in therapeutics. We read:

"Many merits have been claimed for baths, but not, so far as we know, this, until recently. We have had the opportunity of seeing the bath at the special surgical (orthopedic) military hospital at Tooting, and it was quite obvious that it was having a beneficial effect upon many of the patients who used it. The effect on cases, for instance, of partial paraplegia is produced by a combination of causes—physical, physiological and mental. The high specific gravity of the water, as compared with air, buoys up the limbs, and the absence of friction with the surface of the bed renders movements easier; when the man swims, or while he is learning, the muscles receive natural physiological stimulus originating in the cortex, and a beneficial mental effect is produced by the man's discovery that he can move his limbs and get about in the water. The building of a swimming-bath sounds an elaborate business, but that established at the hospital at Tooting, by Lieut.-Col. D. K. McDowell, the officer in charge, with the help of the British Red Cross Society, was quickly put up at no great cost by the conversion of what had been a lavatory. It is not big, nor is it deep (but appears to answer the purpose very well.

Thirty Thousand Blind In England

LONDON, Aug. 24—(Associated Press)—Of the 30,000 blind persons in England and Wales, only 85 are beggars, according to the Advisory Committee of the Welfare of the Blind. The committee recommends that \$3.50 a week be given to all blind persons who are employed and earning up to \$1.25 a week.

RATIFY TREATY AT ONCE (By The Associated Press) PARIS, Sept. 18—Chamber is expected to ratify treaty with Germany today or Saturday. Clemenceau speaks on Friday. Socialists announced opposition to treaty.

LLOYD GEORGE WANTS KAISER PARIS, Sept. 16—Journal says Lloyd George is determined to have peace conference demand that Holland surrender ex-Kaiser.

On The Other Islands

The Japanese language school of Hawi, Kohala, Hawaii, which has been conducted by the Jodo-shu mission, will become an independent school on and after October 1, according to a decision reached by the Buddhist mission says the Honolulu Star-Bulletin.

The Hawi Japanese school will be the second language school in the Islands to sever its connections with the Buddhist mission since the Japanese educators in their annual conference passed resolutions recommending divorcing the schools from denominations. The Puuloa Japanese school on this island was the first.

Earns \$10 Per Minute—It took Judge A. D. Larnach, second district magistrate for Honolulu, just one minute at a morning session last week to order a continuance of the cases of Dr. T. Mitamura, T. Katsura and Katsura, charged with assault and battery. Under the law the second magistrate is allowed \$10 a day for sittings. In this instance he earned the whole \$10 in one minute.

Meyer Estates \$26,000—Petition for letters of administration in the estate of the late Frederick Meyer has been filed in circuit court by the widow. The estate is valued at \$26,000, including \$5000 worth of real estate and 21,000 worth of personal property. Aside from the widow, the heirs include two daughters, four sons, four grandsons and three granddaughters. The petition asks that J. M. Dowsett be appointed administrator.

Argument is being had in the supreme court this week in the matter of the appeal of "Princess" Theresa Owana Wilcox Belliveau to a ruling by the circuit court disallowing her contest of the will of the late Queen Liliuokalani. Recently the "princess" was sentenced to a term in prison in connection with a conspiracy surrounding an alleged fake will of the queen.

Jack Milton, Charles E. King, J. D. Walker, Antone Soares and M. G. Johnson have filed in the office of the territorial treasurer articles of incorporation of the Milton Realty Co. The concern is capitalized at \$50,000, divided into 2500 shares each with a par value of \$20. The right is reserved to increase the capitalization to \$250,000. All of the stock has been purchased. Milton and Walker each holding 1100 shares.

Honolulu Ad Club members who intend to attend the Civic Convention on Maui were instructed at the meeting last Wednesday to notify Raymond C. Brown of the Honolulu chamber of commerce immediately as to their intention. It is expected there will be a large attendance, as many Honolulu business men will take advantage of their opportunity to visit their old friends on Maui.

Blind And Deprived Of Hands Man Writes

LONDON, Aug. 25.—(Associated Press)—Blind and deprived of both hands, Sergeant Alan M. Nichols of the Second Durham Light Infantry refused to be classed as an "unemployable" and today can write letters as proficiently as any normal stenographer. Nichols' restoration to a self-supporting basis was accomplished through patient training, a specially constructed typewriter, a pair of artificial aluminum hands and his own indomitable spirit. Recently he passed a writing test of two hours and fifteen minutes, his "copy" necessitating only two corrections.
